

PRESS RELEASE

23th July 2010

Offshore Hydrocarbon Mapping plc ("OHM" or "the Company")

Non Executive Director Resignation

Offshore Hydrocarbon Mapping plc announces the resignation from the Board of Directors of Thierry Le Roux. Thierry Le Roux is Executive Vice President Technology at CGGVeritas. Under a Share Subscription Agreement signed in 2007, CGGVeritas is entitled to Board representation as long as their shareholding is greater than 10%. As a result of recent share placings, CGGVeritas' shareholding in the Company has reduced to less than 10% and accordingly Thierry Le Roux has tendered his resignation.

Dave Pratt, Offshore Hydrocarbon Mapping's Chairman, commented:

"Thierry joined OHM's Board in January 2008 at the time of CGGVeritas' investment in OHM and over the last two and a half years the Board and management have benefitted from his vast experience and wise counsel. On behalf of the Board I would like to express my thanks to Thierry for his contribution and wish him well in the future."
